The Thailand Philharmonic Embarks On Their Phenomenal European Tour

The Thailand Philharmonic Orchestra departed for Budapest on the 27th of August 2022, embarking on their European Tour and carrying with them the pride of not only the College of Music, Mahidol University, but the whole of Thailand. Although they have toured many of Thailand's Southeast Asian neighbours and even countries like Japan before, this is no small journey as they are making their first debut at some of the most iconic concert halls in all of Eastern Europe. These are the same halls that hosted some of the world's most well-known orchestras, such as

the New York Philharmonic, the Berlin Philharmonic, and many other prestigious names in the orchestral world. The Thailand Philharmonic Orchestra will be making their mark on the international stage, placing its reputation among the top orchestras of the world despite the fact that the orchestra began only sixteen years ago.

Past Event Features

The Thailand Philharmonic Orchestra ends its 2021-2022 season in style with a tale of two cities. Revel in the bustling musical sounds of Paris and New York, with stops along the way in Thailand and Poland.

Opening this rousing program is Phenomenon, the best-known work by Thailand's most internationally-renowned composer, Narong Prangcharoen. The Thailand Phil will then be joined by the Slovenian violinist Lana Trotovsšek to perform Henryk Wieniawski's Violin Concerto No. 2, a piece that balances lush lyricism with technical fireworks. Leonard Bernstein's West Side Story then offers a classic re-telling of Shakespeare's Romeo and Juliet, yet one that is set in the rough and tumble world of New York City's gangs. Finally, Gershwin's American in Paris vividly evokes the excitement of visiting the City of Love with whirling melodies.

Past Event Features
